A "material relationship" is defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of such member's independent judgment, and certain relationships are deemed to be material. Mr. M. Jaffar Khan is not independent because he is the President and Chief Executive Officer of the Company. Messrs Mark Rachovides and Samuel W. Ingram are independent of management as they are free from any interests and any business or other relationships which could, or could reasonably be perceived to, materially interfere with the directors' ability to act with a view to the best interest of the Company, other than interests and relationships arising from shareholdings.

The directors are afforded an opportunity to hold “in camera” sessions, if desired. The “in camera” session provides the independent directors the opportunity to conduct discussions both openly and candidly.

ORIENTATION AND CONTINUING EDUCATION

The Board is responsible for providing a formal orientation program for new directors and ongoing education sessions on the business and strategies of the Company. In particular, new Board members are invited to participate in informal discussions with senior management of the Company. In addition, each new director is furnished with a Board package intended to provide a thorough understanding of the business of the Company. The package includes, among other things, the corporate governance practices of the Company. The Board, during the interview process, makes each prospective new director aware of the amount of time required to fulfill his role as a director.

The Company is also committed to a continuing education program for all directors. At each regularly scheduled Board meeting, management provides directors with a presentation on the Company's operations thereby updating the Board on all important activities since the last meeting. The Board also receives written reports from management when changes are made to the business plan or significant activities are underway. Directors are kept informed of best practices with respect to the role of the Board and of emerging trends that are relevant to their roles as directors. In addition, individual directors are encouraged to identify their continuing education needs through a variety of means, including discussions with management and at Board and committee meetings.

ETHICAL BUSINESS CONDUCT

The Company is committed to conducting its business in compliance with all applicable laws and regulations and in accordance with the highest ethical principles. The Board requires all directors to disclose any activities or relationships which could have the potential for a conflict of interest. The Board encourages and provides an overall culture of ethical conduct. The Board and the Company promote a “tone at the top” culture intended to instil ethics, openness, honesty and accountability throughout the organization.

NOMINATION OF DIRECTORS

The Compensation Committee is responsible for identifying, assessing and making recommendations as to candidates for election to the Board and Board committees with a view to the independence and expertise required for effective governance and satisfaction of applicable regulatory requirements. When

the Compensation Committee identifies additional skills or competencies needed at the Board level, or becomes aware that any individual director intends to retire from the Board, the committee initiates a recruitment process. Prospective Board members, whose relevant education and related business experience are taken into consideration, are interviewed by the Compensation Committee which in turn proposes new and suitable candidates for consideration by the full Board.

BOARD COMMITTEES

The Board has a Compensation Committee and an Audit Committee. Details regarding the Audit Committee begin on page 13 of this Information Circular.

COMPENSATION COMMITTEE

The Compensation Committee is responsible for, among other things, reviewing and making recommendations to the Board concerning the compensation of the Company's Named Executive Officers (as defined below) and Board members. At the end of 2015, the Compensation Committee was comprised of Messrs. M. Jaffar Khan, Samuel W. Ingram and Mark Rachovides. There was a vacancy until Mr. Samuel W. Ingram became a Compensation Committee member on June 16, 2015. Christopher Sinclair was a member of the Compensation Committee until he resigned from the Board on February 2, 2015. See "*Compensation Discussion and Analysis*".

COMPENSATION DISCUSSION AND ANALYSIS

The primary goal of the Compensation Committee is to ensure that the overall compensation provided to the Chief Executive Officer, Chief Financial Officer and the other three most highly compensated officers of the Company (if applicable) (collectively, the "Named Executive Officers" or "NEOs") is determined with regard to, and is consistent with, the business strategies and objectives of the Company, such that the financial interests of such executive officers of the Company is congruent with the financial interests of the Company's shareholders.

Executive compensation consists of salary and benefits. Executive officer salaries are set slightly below industry standard, which is determined by reference to the salaries of local executives in positions with similar experience and similar responsibility. Executive officers may receive additional compensation in the form of options, the number of which is determined by reference to the position, experience and performance of the individual executive and the performance of the Company.

BASE SALARIES

The Compensation Committee recommends to the Board the base salary of the President and Chief Executive Officer. The base salary of the President and Chief Executive Officer was reduced over the course of the year from \$125,000 to \$50,000 per year.

SERVICES AGREEMENTS

The Compensation Committee recommends to the Board the form and amount of any service agreements to be entered into with the executive officers of the Company, where and when applicable, taking into consideration the recommendations of the Chief Executive Officer of the Company, the current and potential contribution of the executive officer to the success of the Company and competitive industry pay practices for comparable positions at businesses of comparable size.

BONUSES

Although the Company does not have a formalized bonus plan, the executive officers of the Company may earn annual bonuses, which will vary based on the individual's position and contribution to the performance of the Company, and the annual performance of the Company. The Chief Executive Officer of the Company presents recommendations to the Compensation Committee with respect to the award of any such bonuses (other than bonuses paid to the Chief Executive Officer). The Compensation Committee determines the bonuses for the executive officers of the Company and recommends the amounts thereof to the directors of the Company for review and, if determined by the Board to be appropriate, approval. In respect of 2015, no bonuses were paid by the Company to the NEOs.

SHARE OPTIONS AND DEFERRED SHARE UNITS

The Company has adopted a Share Option Plan that is designed to advance the interests of the Company by encouraging eligible participants to hold equity in the Company through the acquisition of Common Shares. The Company has also adopted a Deferred Share Unit Plan which is intended to provide eligible participants with incentives tied to the long term performance of the Common Shares. Both the Share Option Plan and the Deferred Share Unit Plan are administered by the Compensation Committee of the Board. The terms of share-based compensation arrangements are described in greater detail below.

SECURITY BASED COMPENSATION ARRANGEMENTS

SHARE OPTION PLAN

Persons eligible to receive options issued under the Share Option Plan include any director, senior officer, employee, or consultant of the Company or any subsidiary thereof. The directors of the Company have the authority to determine, among other things, subject to the terms and conditions of the Share Option Plan, the terms, limitations, restrictions and conditions respecting the grant of options to purchase Common Shares under the Share Option Plan.

The Board has the authority under the Share Option Plan to establish the exercise price at the time each option is granted, which shall in all cases be not less than the closing price of the Common Shares on the Canadian Securities Exchange ("CSE") on the trading day immediately preceding the date of grant of the option. Options to purchase Common Shares granted under the Share Option Plan are not transferable other than by will or the laws of descent and distribution. Subject to any employment agreement between the Company and the optionee, if any optionee ceases to be an eligible person under the Share Option Plan for any reason whatsoever other than death, each option held by such optionee will cease to be exercisable 90 days from the date of termination or, in the case of optionees who provide investor relations activities, 30 days from the date of termination (the date of termination being the date on which such optionee ceases to be an eligible person). If an optionee dies, the legal representative of the optionee may exercise the options held by such optionee at any time prior to the earlier of the date that is six months after the date of death of the optionee and the original expiry date of the option.

An optionee is entitled to terminate his or her options, in whole or in part, and, in lieu of receiving the Common Shares to which the terminated options relate, elect to receive that number of Common Shares, disregarding fractions, which, when multiplied by the fair value of the Common Shares (which will be the weighted average trading price of the Common Shares on the CSE during the five trading days preceding the date of the termination of such options) to which the options so terminated relate, has a value equal to the product of the number of such Common Shares to which the options so terminated relate multiplied by the difference between such fair value and the exercise price per share of such Common Shares.

DEFERRED SHARE UNIT PLAN

Eligible participants under the Deferred Share Unit Plan include directors of the Company and officers and other employees of the Company or any affiliate of the Company who, in the opinion of the Compensation Committee, have demonstrated a capacity for contributing in substantial measure to the successful performance of the Company. A participant under the Deferred Share Unit Plan may be granted deferred share units in such number and effective as of such date as determined by the Compensation Committee based on certain criteria determined by the Compensation Committee, including services performed or to be performed by the participant.

Units are book keeping entries credited to an account maintained for each participant and are subject to adjustment for dividends and anti-dilution events, including the subdivision, consolidation or reclassification of the outstanding Common Shares.

A participant will only be entitled to redemption of the units granted to him or her when such participant ceases to be employed by, or ceases to be a director of, the Company or an affiliate thereof for any reason. Upon termination, the participant (or the legal representative of such participant's estate) may irrevocably elect the date(s) (the "Entitlement Date") as of which the value of his or her units will be determined and paid based on certain criteria set out in the Deferred Share Unit Plan and subject to any conditions that may be imposed under the Deferred Share Unit Plan. The value of the units redeemed (the "Redemption Value") will be the product of: (i) the number of units credited to the participant's account; and (ii) the weighted average price of the Common Shares on the CSE for the five trading days immediately preceding the Entitlement Date. The Redemption Value will be satisfied and paid to the participant as specified by the Compensation Committee, after deduction of any applicable taxes and other required source deductions: (i) subject to the approval of the shareholders and the applicable stock exchange, the issue of Common Shares from treasury; (ii) a cash payment; (iii) Common Shares acquired in the open market; or (iv) any combination of the foregoing.

There are currently no units granted to eligible participants under the Deferred Share Unit Plan.
